Aver Electrotech

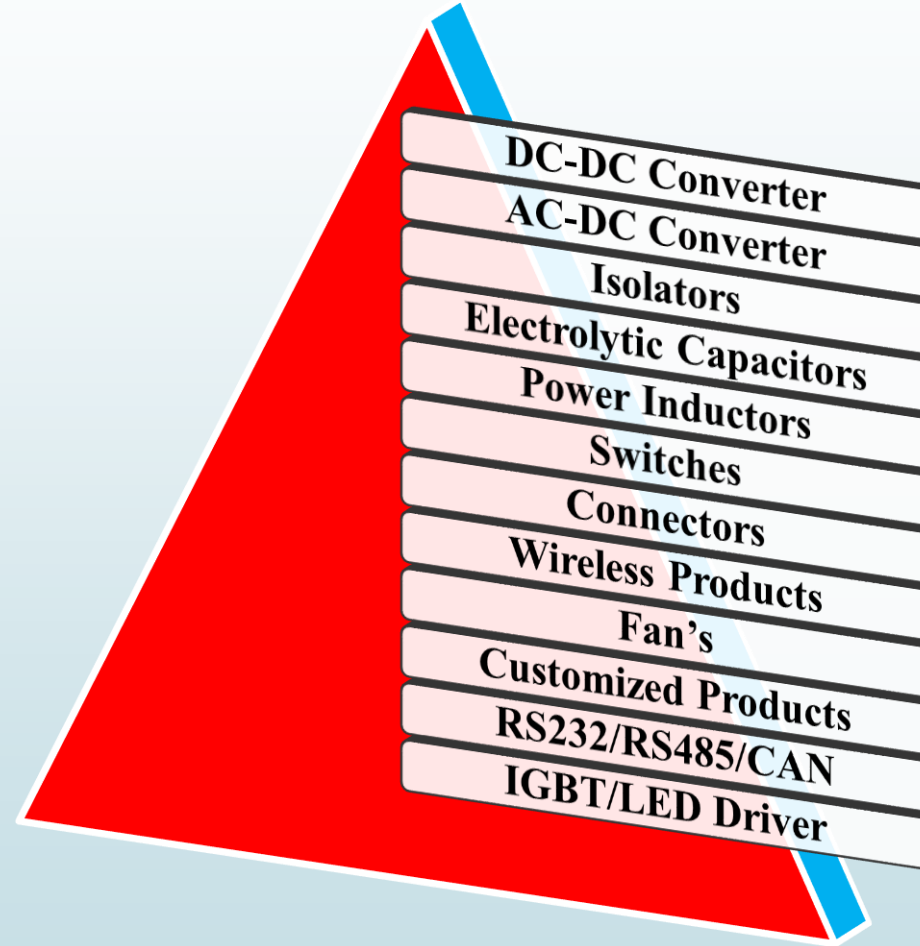

Aver Electrotech , Plot No.83/B-25, Sector No.01, Chaitanya Park, Bhosari, Pune-411039, Maharashtra, India
Email Id: info@averelectrotech.com, Contact No.+91 8788673781

- ❖ We 'M/S Aver Electrotech' are engaged in DISTRIBUTING a quality oriented range of AC-DC , DC-DC, Transreceiver Model RS485/232 & CAN bus, Isolators, IGBT/LED Driver, Capacitors, Power Inductors, Switches, Connectors, Wireless products & Fan's etc.
- ❖ We offered product range is Authorized supplier lines.

We are leading Distributors of

We provide high quality industrial power products range

Mornsun : More Than Reliability

SMD DC-DC

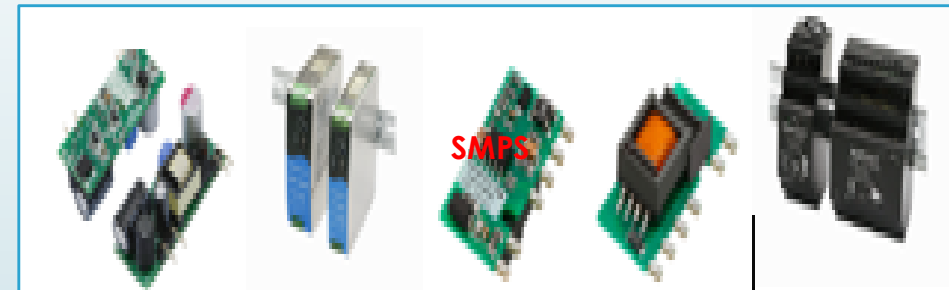

Through Hole DC-DC

DIP, Chassis, Din-Rail DC-DC

RS232/RS485/CAN

SMPS

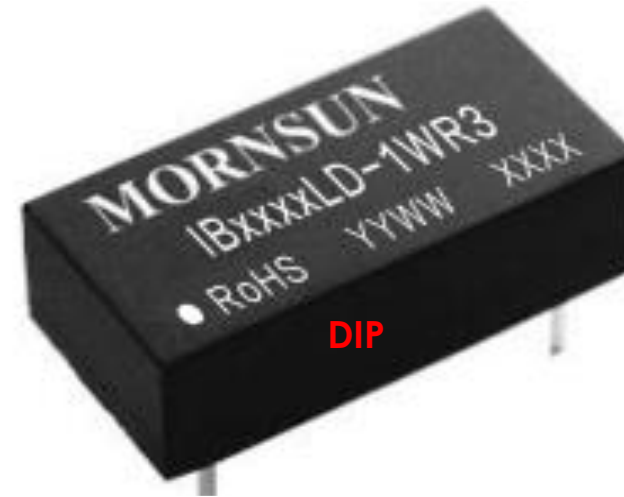

Isolator

LED/IGBT Driver

Fixed Input Dc-Dc

6

1. We can offer 0.2~3Watt Fixed DC-DC converter.
2. It is highly reliable, compact Size, low cost, excellent performance & high power density.
3. It is having regulated as well as unregulated outputs.
4. Available in SMD, SIP/DIP Packages.
5. This Dc-Dc converter is suitable for application where the voltage of the input power supply is stable.

Wide Input Dc-Dc

- 1.It's Offer Ultra wide input range like 2:1,4:1,7:1,8:1,10:1,12:1 etc.
 - 2.It is in single & dual outputs.
 - 3.It is in SMD,SIP/DIP, Brick, Chassis ,Din-Rail & Ultra Thin Packages etc.
 - 4.Used in industrial control, medical device, railways, power electronics & telecomm etc.
 - 5.High efficiency ,Excellent quality & cost effective.
- 1.It's Offer Ultra wide input range like 2:1,4:1,7:1,8:1,10:1,12:1 etc.
 - 2.It is in single & dual outputs.
 - 3.It is in SMD,SIP/DIP, Brick, Chassis ,Din-Rail & Ultra Thin Packages etc.
 - 4.Used in industrial control, medical device, railways, power electronics & telecomm etc.
 - 5.High efficiency ,Excellent quality & cost effective.

Photovoltaic Power Dc-Dc

DIP

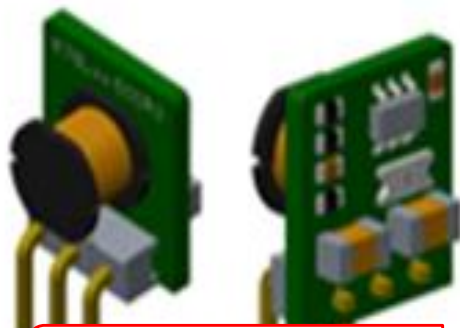

Chassis Mount

Din-Rail Mount

1. Available in 5-350Watt.
2. Ultra wide input 100-1000V, 200-1200/1500V, 150-1500V & 300-1500V & Fixed output
3. Through hole, chassis as well as din rail mounting available.
4. High Isolation 4000VAC
5. High efficiency, low ripple & noise
6. Application solar

Switching Regulators

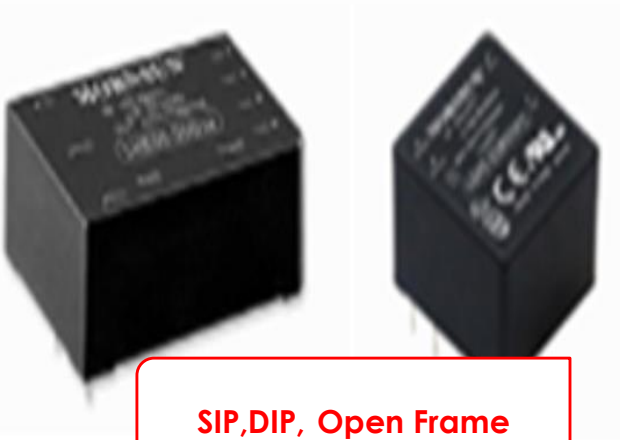

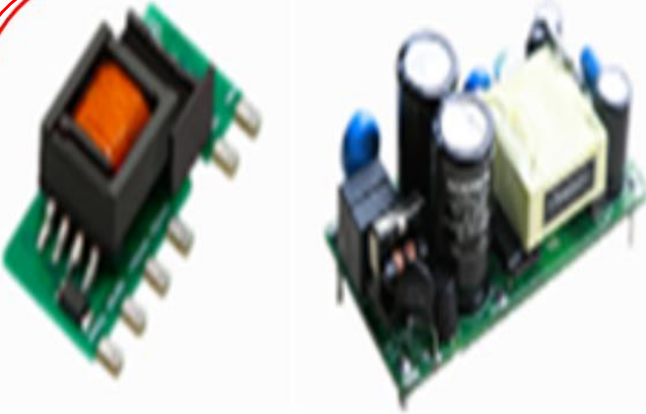

SIP, 90° Bend, Open Frame

1. High Efficiency, non-Isolated Dc-Dc converter
2. SMD, SIP, DIP, DFN Mounting available
3. Top: 105 Deg. C & high efficiency up to 97%
4. Pin-out compatible with LM78xx linear regulators
5. In power supply application to get fixed regulated output.

ON Board Ac-Dc

10

SIP,DIP, Open Frame

- 1.This is one of the best selling AC-DC converter.
- 2.SIP,DIP,Open frame & chassis Mounting available
- 3.Up to 1~750Watt
- 4.Compact size, wide input range, high reliability, cost effective etc.
- 5.Used in industrial application like IoT, Instruments, BMS etc

Enclosed & Din-Rail Ac-Dc Converter

11

Enclosed & Din Rail

1. Enclosed SMPS available in 15~1500Watt
2. Meet IEC/EN61000-4, CISPR32/EN55032
3. Used in LED street light, Electricity, Telecom, Smart Home etc
4. Din-Rail SMPS available in 20-400Watt
5. High efficiency, low power consumption, 35mm din-rail mounting And strong anti-interference capability etc

RS232,RS485, CAN , Serial port to Ethernet tranreceiver model

1. Isolated transceiver model.
2. Available in DIP,SMD,SOIC & DFN packages
3. Compact size,surge & ESD bus protection, wide Temp:-40 ~85/105 deg.C etc.
4. Input Voltage 3.3V & 5V
5. Used in communication /interface with isolation signal.

Signal isolator, Acquisition, output isolation, two Wire loop Power supply isolators

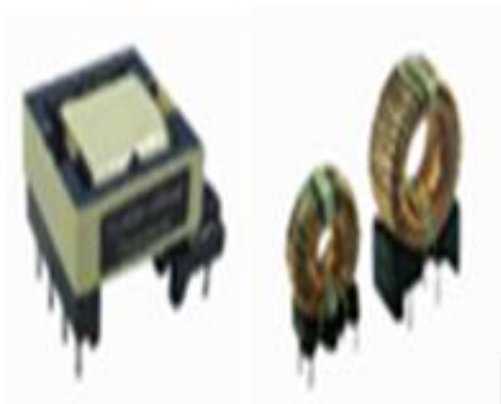

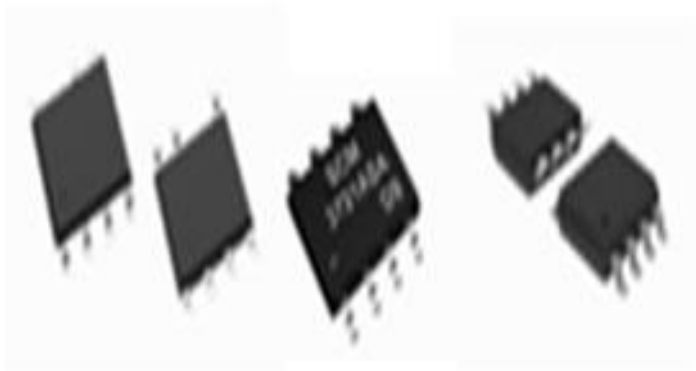

1. Isolation amplifier is an amplifier that provides isolation between the input & output of the circuits, including isolation between their associated power supplies.
2. SIP, DIP, SMD & Din rail packages are optional etc.
3. Excellent temp. drift characteristics of less than 50PPM/deg.C

LED Driver & IGBT Driver(SiC/GaN):

1. We can offer high quality IGBT/LED driver & module.
2. LED driver is a step-down constant source for driving high-power LED.
3. Applicable for Industrial & commercial Applications

IC's & Transformer

DIP,IC packages

IC range are Ac-Dc/Dc-Dc power supply control IC's,Interface Ic's,start-up Ic's, contactor power saving IC's,Ac-Dc transformer,Dc-Dc transformer, Digital isolator Ic's & common mode choke etc.

Auxiliary Devices

DIP,DIN Rail

EMI/EMC Filter : We Provides High quality EMC Filter ,surge suppressor, EMI filters

Zeasset Electrolytic capacitors: Our Products range as snap-in ,screw type & EDLC Aluminum electrolytic capacitor. High voltage & high capacitance ,low ESR & Excellent watt density used in industrial power supply & new energy etc.

Snap-in &
Screw Type

We can offer below Type Capacitors:

Snap-in

High voltage, high capacitance, mainly used in power supply, inverter welding machine

Electrical Characteristics

size: $\Phi 22$ – $\Phi 42$
voltage: 10V–**700V**
capacitance: 39 μ F–56,000 μ F
Load life: 10,000h (105°C)

Screw

High voltage and high capacitance, used in industrial power supply and new energy

Electrical Characteristics

size: $\Phi 35$ – $\Phi 100$
voltage: 10V–**750V**
capacitance: 1,000–680,000 μ F
Load life: 20,000h (85°C)
10,000h (105°C)

EDLC

High capacitance, low ESR and excellent watt density

Electrical Characteristics

size: $\Phi 22$ – $\Phi 60$
voltage: 2.5V–2.7V, 5V
Capacitance: 0.5F–3000F
Load life: 700,000cycles(65°C)

EV Products

We can offer Housing & terminals/Contact 50-300A/600V.
as well as Various types of AC sockets for EV.

Codaca Power Inductors: Product range of power inductors, Common mode choke, Automotive electronics , molding power choke, inductor for digital AMP, ROD inductors with AEC-Q compliant. Also support for customization of volumetric RFQ's.

KLS Electronics

1.Switches: All types of switches

KLS Electronics

2.Connectors : All types of switches

- 1. Ethernet connectors
- 2.IDC connectors
- 3. USB 3.0 connectors
- 4. Terminal blocks
- 5. LED Lighting segmentà
- 6. EV segment
- 7. AC/DC Fans
- 8.Wireless segment
- 9. Switches

KLS Electronics

3. Wireless Products:

Antenna

RJ45TL SERIES PRODUCTS

CARD CONNECTORS

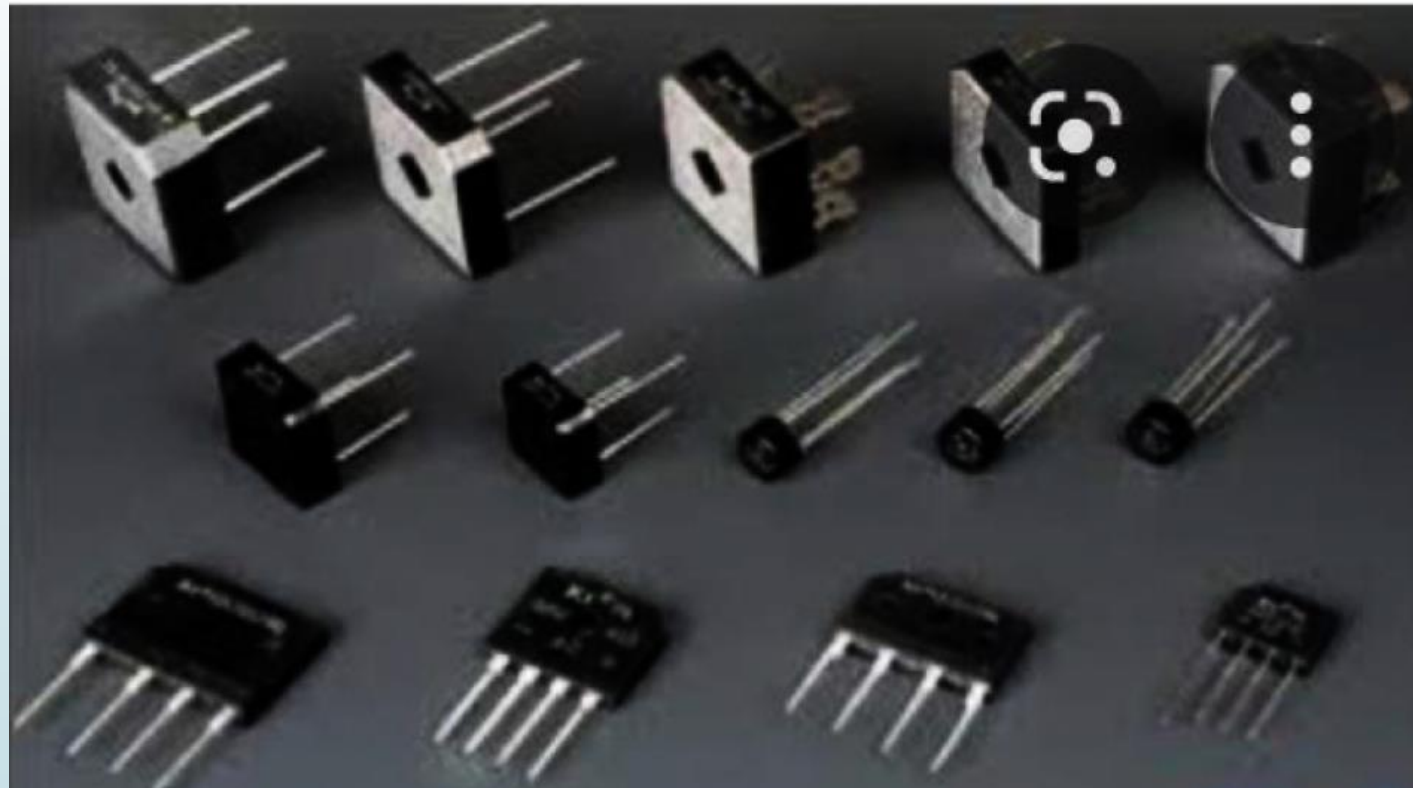

KLS Electronics

4.Fan's AC/DC: We can offer various types of fans including AC Fans, Dc Fans,DC Blowers,LED Fan,Cross Flow Fans

Diodes & Rectifiers

Application:

Applications:

Instruments and metering

Rail Industry

Medical

Automotive

Application

Industry Control

Photovoltaic Industry

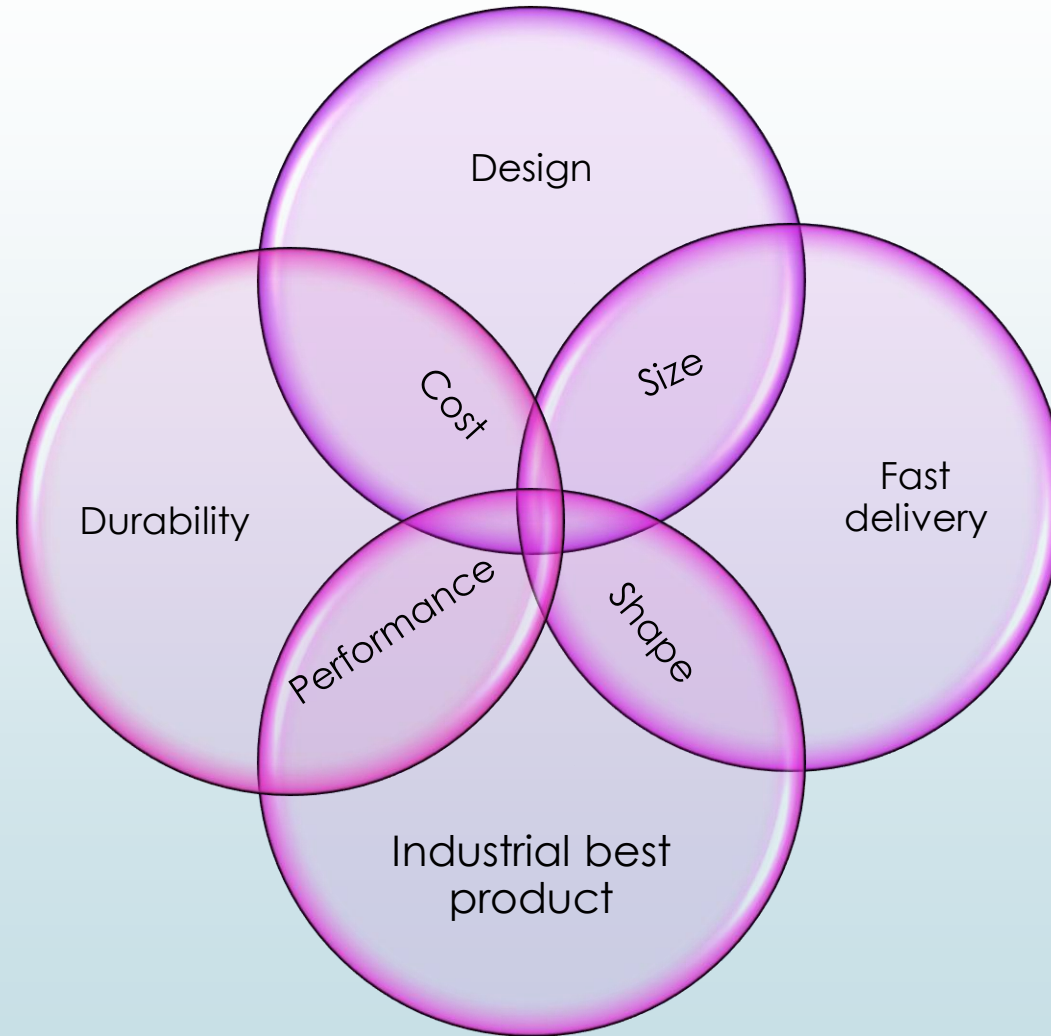

Electricity

Intelligent Building

Why You Chose Our Products:

Thank you!!!
